2006 ANNUAL GENERAL MEETING

Notice of the 2006 Annual General Meeting to be held on Tuesday 25 July 2006 at 10.00am at the offices of JPMorgan Cazenove at 20 Moorgate, London EC2R 6DA is set out on pages 6 to 8 of this document.

I provide below further information regarding certain resolutions which Shareholders are to be asked to approve at the Annual General Meeting, including the resolution approving the proposed move from the Official List to AIM.

Resolution 2 – Directors' remuneration report

In accordance with Section 241A of the Act, Shareholders are again asked to approve the Directors' Remuneration Report, which is set out on pages 13 to 20 of the Report and Accounts. The Directors are satisfied that the Company's policy and practice in relation to Directors' remuneration are reasonable and that they deserve Shareholder support.

Resolutions 3 and 4 – Re-election of Directors

Mr Baughan and Mr Kalyandjian have indicated their intention to retire from the Board at the conclusion of the Annual General Meeting. Accordingly, they do not offer themselves for re-election.

As Mr O'Connor has been appointed by the Board since last year's Annual General Meeting, he is required to retire and offer himself for re-election by Shareholders. In addition, Mr White is retiring by rotation on this occasion in accordance with the Company's articles of association and is standing for re-election in the usual way.

A profile of all current Directors is set out on page 8 of the Report and Accounts. Following formal performance evaluation it has been determined that Mr O'Connor and Mr White are performing effectively in their respective roles.

Resolution 7 – Allotment of shares

At the last Annual General Meeting held on 26 July 2005, Shareholders authorised the Directors pursuant to Section 80 of the Act to allot the authorised but unissued and unreserved share capital of the Company. This authority expires at the forthcoming Annual General Meeting.

In order to preserve the Board's flexibility in respect of the allotment of shares, Shareholders' approval (by ordinary resolution) is being sought in respect of a similar authority to the Directors, exercisable during the period up to the 2007 Annual General Meeting (or the period of fifteen months after the resolution is passed, whichever period is shorter), to allot the authorised but unissued and unreserved share capital of the Company (amounting to 40,396,447 ordinary shares, representing approximately 27.91 per cent. of the Company's issued share capital as at 19 June 2006). The Directors have no present intention of exercising this authority.

As at 19 June 2006, the Company did not hold any shares in the Company in treasury.

Resolution 8 – Disapplication of pre-emption rights

Section 89 of the Act gives holders of equity securities (within the meaning of the Act), with limited but important exceptions, certain rights of pre-emption on the issue for cash of new equity securities. The Directors believe that it is in the best interests of Shareholders that, as in previous years, the Board should have limited authority to allot some part of the Company's authorised but unissued share capital for cash without first having to offer such shares to existing Shareholders. The current authority expires on the date of the forthcoming Annual General Meeting and, accordingly, it is proposed that this authority be renewed by special resolution. Again, the Directors have no present intention of exercising such authority.

The new authority, if granted, will disapply statutory pre-emption rights in respect of allotments in connection with any rights issue or other offer of shares on a pro rata basis (where difficulties arise in offering shares to certain overseas shareholders and in relation to fractional entitlements) and, generally, in connection with allotments of up to 7,238,143 ordinary shares (equivalent to approximately 5 per cent. of the existing issued share capital of the Company). The authority, which will also disapply the provisions of section 89 of the Act in relation to any sales of treasury shares (within the limits referred to in resolution 8), will terminate at the close of the 2007 Annual General Meeting (or fifteen months after the resolution is passed, whichever is the earlier).

Resolution 9 – Authority for purchase of own shares by the Company

At the last Annual General Meeting held on 26 July 2005, Shareholders passed a resolution authorising the Directors to make market purchases of the Company's own shares, as is permitted under Article 42 of the Company's articles of association. Although no such purchases have been made, the Directors consider it appropriate for the authority (which expires at the forthcoming Annual General Meeting) to be renewed and undertake that the authority will only be exercised when they consider that such a purchase would result in an increase in expected earnings per share and would be in the best interests of Shareholders. The Directors have no present intention of using such authority, but this position will be kept under review. The authority sought by special resolution will continue until the 2007 Annual General Meeting (or, if sooner, 25 October 2007) and will limit total purchases to 14,476,286 ordinary shares, corresponding to 10 per cent. of the Company's issued share capital as at 19 June 2006.

The price paid for any ordinary share purchased under such authority must not be less than the nominal value of such share, namely five pence, and must not exceed 105 per cent. of the average middle market price of the Company's ordinary shares as shown in the London Stock Exchange Daily Official List for the five business days immediately preceding the purchase.

It is the Board's intention that any ordinary shares purchased under such authority would be cancelled.

As at 19 June 2006, the latest practical date prior to the publication of this document, the number of ordinary shares which would be issued upon full exercise of all outstanding options to subscribe for shares in the Company was 5,528,991. This represents approximately 3.82 per cent. of the existing issued share capital and approximately 4.77 per cent. of the issued share capital as it would be if both the existing and the proposed authority to purchase ordinary shares were to be utilised in full.

Resolution 10 – Political Donations

Shareholders will recall that, as a result of the wide definitions introduced by the Political Parties, Elections and Referendums Act 2000 ("the 2000 Act"), an appropriate resolution has been passed at each of the Annual General Meetings held since 2002 in order to avoid inadvertent infringement of the law. While the Board does not believe that the Company has made any "donations" or incurred any "EU political expenditure" pursuant to any of those resolutions, the authority granted by the resolution passed in 2005 expires at the forthcoming Annual General Meeting and the Board is therefore now seeking Shareholders' authority by an ordinary resolution to make "donations" and incur "EU political expenditure" (within the meaning of the Act, as amended by the 2000 Act), in each case up to an amount of £50,000, during the period up to the 2007 Annual General Meeting (or, if earlier, 25 October 2007). Shareholders should be aware that it is not the policy of the Company to make donations (as commonly understood) to political parties anywhere in the world and that the Directors intend that this policy will continue whether or not resolution 10 is passed.

Resolution 11 – Delisting and move to AIM

On 8 June 2006 the Company announced its intention to delist the ordinary shares from the Official List and to move to AIM. Pursuant to the Listing Rules, the Delisting is subject to Shareholders' approval being obtained and it is for this reason that item 11 has been included in the Notice of the Annual General Meeting.

AIM was launched in June 1995 as London Stock Exchange's market specifically designed for smaller companies, with a simplified regulatory regime.

Having considered the matter for some time, the Board has now concluded that AIM is a more appropriate market for a company of Scapa's size and resources, particularly in light of recent changes in the regulatory environment for companies listed on the Official List (namely the introduction of the new prospectus rules and the adoption of new listing rules and disclosure rules). The Board believes that a move to AIM (which requires shareholder approval by a special resolution) should lead to a simplification of administrative requirements and will enable the Company to agree and execute transactions more quickly should any acquisition, disposal or other opportunities arise in the future. Shareholders should note that the Board envisages no alteration in the overall standards of reporting and governance which the Company currently achieves.

The obligations of a company whose shares are admitted to AIM are similar in many respects to those of a company on the Official List, with certain exceptions, including the following:

- Under the AIM Rules, a nominated adviser ("NOMAD") is required at all times and has ongoing responsibilities to both the Company and London Stock Exchange. On Admission the Company's existing financial adviser and broker, JPMorgan Cazenove, will be appointed as the Company's NOMAD and broker.
- For transactions by AIM companies, prior shareholder approval under the AIM Rules is only required for reverse takeovers and disposals that result in a fundamental change of business (defined as any disposal or disposals over the previous 12 months in respect of which a ratio of 75 per cent. is exceeded on one or more of a number of size tests specified in the AIM Rules). Under the Listing Rules, a broader range of transactions require prior shareholder approval.
- There is no requirement under the AIM Rules for listing particulars or admission documents for further issues of securities, except as otherwise required by law or on admission of a new class of securities to trading.
- The Combined Code does not apply directly to AIM companies.

Liquidity on AIM is currently provided by market makers who are member firms of London Stock Exchange and who are obliged to quote a share price between 8.00am and 4.30pm on business days. The Directors consider that AIM has demonstrated that it can provide a liquid trading platform for shares.

According to their circumstances, there may be tax advantages for private shareholders arising from the proposed transfer to AIM, since companies whose shares are traded on AIM are deemed to be unlisted for the purposes of certain provisions of UK taxation. Following the transfer to AIM, individuals who hold ordinary shares may be able to transfer those ordinary shares without giving rise to a liability to inheritance tax on death, subject to the shares having been held for two years.

Further, ordinary shares should become eligible for business asset taper relief against capital gains tax and therefore in most cases gains made on disposals of ordinary shares by individual Shareholders should qualify for a proportionate application of business assets and non business assets taper relief. Shareholders should note that existing holdings of ordinary shares will generally be treated as having been non-business assets for taper relief for periods up to the transfer to AIM. It may be possible for a limited range of individual Shareholders to claim business assets taper relief in respect of their full period of ownership, but it is anticipated that for the majority a proportionate application of business assets and non business assets taper relief will apply.

Shareholders or prospective investors should consult their own professional advisers on whether the tax advantages referred to above may be available to them and should also note that it is not possible to hold shares traded on AIM in PEPs or ISAs. The Board understands that, following Admission, Shareholders who currently hold ordinary shares in a PEP or ISA will, under current HM Revenue and Customs rules, have 30 days to decide whether to transfer such shareholding into their own name or to sell the shareholding and retain the proceeds within the relevant PEP or ISA.

The comments above in relation to the tax implications of a move to AIM are based on the Directors' current understanding (having taken advice) of UK tax law and HM Revenue and Customs practice and are primarily directed at individuals who are UK resident and domiciled. Such comments are not tailored to the circumstances of any particular individual. Tax rules can change and the precise tax implications for each Shareholder will depend on the particular circumstances of that Shareholder. Neither the Company nor the Directors (or any of them) accept responsibility to any Shareholders in relation to any tax implications of the proposed move to AIM. If you are in any doubt as to your tax position, you should consult your professional adviser.

Conditional upon resolution 11 being approved at the Annual General Meeting, the Company will give notice of its intention to cancel the listing of the ordinary shares on the Official List and will apply to London Stock Exchange for the admission of such shares to AIM.

It is anticipated that trading in the ordinary shares on London Stock Exchange's main market for listed securities will cease at close of business on 22 August 2006, with cancellation of the listing on the Official List taking effect at 8.00am on 23 August 2006 (being not less than 20 business days following the passing of resolution 11). Admission of the ordinary shares is expected to take place, and dealings in the ordinary shares on AIM are expected to commence, at 8.00am on 23 August 2006.

Report and Accounts

The Report and Accounts are issued to Shareholders accompanying this document. A copy of the Report and Accounts has been submitted for public inspection at the document viewing facility of the UK Listing Authority. Further copies may be obtained from the Company Secretary, by application to the registered office of the Company.

Action Required

You will find with this document a Form of Proxy for use in respect of your ordinary shares at the Annual General Meeting. A proxy may also be appointed, if you are a member of CREST, by using the CREST electronic proxy appointment service, further details of which are set out in note 3 to the Notice of Meeting, which can be found on pages 6 to 8 of this document.

Whether or not you are able to attend the meeting, you are requested to appoint a proxy either by completing and returning the enclosed Form of Proxy, or through the CREST electronic proxy appointment service, in either case prior to the relevant deadline specified in note 2 or note 3, as applicable, to the Notice of Meeting. The appointment of a proxy will not prevent you from attending and voting in person at the meeting should you subsequently decide that you wish to do so.

Recommendation

The Board consider the resolutions which are set out in the Notice of Meeting on pages 6 to 8 of this document, and which are to be proposed at the forthcoming Annual General Meeting, to be in the best interests of the Company and of Shareholders as a whole and unanimously recommend Shareholders to vote in favour of all such resolutions, as they intend to do in respect of their own beneficial holdings.

Yours faithfully,

K G G Hopkins

Chairman

Notes

- 1 In accordance with Regulation 41(1) of the Uncertificated Securities Regulations 2001 the Company specifies that, to have the right to attend and vote at the meeting or any adjournment thereof (and also for the purposes of calculating how many votes a person may cast), a person must have his/her name entered on the Company's register of members by no later than 6.00pm on the day being two days before the date of the meeting or any such adjournment.
- 2 A member who is entitled to attend and vote at the above meeting is entitled to appoint one or more proxies to attend and vote in his/her stead. A proxy need not also be a member, but may vote only on a poll. A Form of Proxy is enclosed. To be valid, Forms of Proxy must be lodged with the Company's registrars not less than 48 hours before the time appointed for the meeting.
- 3 CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the meeting and any adjournment(s) thereof by using the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed (a) voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with CRESTCo's specifications and must contain the information required for such instructions, as described in the CREST Manual. The message, regardless of whether it constitutes the appointment of a proxy or an amendment to the instruction given to a previously appointed proxy, must, in order to be valid, be transmitted so as to be received by the Company's agent (IDRA10) not less than 48 hours before the time appointed for the meeting. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the Company's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that CRESTCo does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed (a) voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

- 4 In the absence of any indication as to how he is to vote on any resolution, the proxy will (whether he is appointed by the lodging of a Form of Proxy or through the CREST electronic proxy appointment service) vote for or against such resolution, or will abstain, at his discretion, as in each case he is entitled to do in respect of any procedural matters arising at the meeting.
- 5 The register of interests of the Directors and their families in the share capital of the Company kept by the Company under Section 325 of the Companies Act 1985 and copies of the contracts of service of Directors will be available for inspection during normal business hours (Saturdays, Sundays and public holidays excepted) at the registered office of the Company from the date of this notice of meeting until the close of the Annual General Meeting.
