<b>Series</b>	Policies	<b>Function</b>	Quality Management
<b>Page</b>	1 of 1	<b>Issue date</b>	25/02/2019

We are committed to providing our Healthcare customers with turn-key solutions to become their partnership of choice for the OTC-drug, advanced wound care, consumer wellness and medical device markets. We provide our Industrial customers with long-term value through strategic engagement with global OEMs and leveraging our unique capabilities and strong manufacturing knowledge to serve the Automotive, Cable, Construction and Specialty Product markets.

We aim to develop and maintain a positive relationship with our customers to meet end-user needs from concept design through full-scale production.

We achieve our quality objectives through establishing, maintaining and continuously improving an effective risk-based Quality Management System in compliance with applicable laws, regulations, standards and customer-specific expectations.

Our focus is quality, integrity, service and continuous improvement that meets or exceeds our customers' requirements.

Heejae Chae – Chief Executive Officer

Sevan Demirdogen – President and Executive Vice President

Joe Doherty – Group President, Healthcare
