

Cloth

Scapa's waterproof and uncoated cloth tapes provide high performance and versatility.

The waterproof cloth range encompasses economy grade tapes for general purpose applications and premium performance products for more specialised and demanding jobs. The Scapa portfolio provides the versatility to meet the full spectrum of market applications from nuclear, HVAC, and defence, to agriculture, automotive and entertainment.

Scapa also offers one of the largest ranges of substrates for uncoated cloth tapes in Europe, including cotton and rayon for protection, packaging and electrical applications.

Waterproof and uncoated cloth tape applications include:

- o splicing, jointing and repairing
- o heating, ventilation and airconditioning
- o wrapping and bundling
- o fixing and reinforcing
- o packaging and masking
- o colour coding and identification
- o duct sealing.

Scapa experts and distributor partners are available to assist in selection of the right product type depending on the specific application.

Scapa cloth tapes offer:

- o good abrasion resistance
- o flexibility and conformability
- o high tack and adhesion
- o easy tear
- o good unwind
- o a wide colour range.

Scapa cloth solutions

Waterproof cloth tapes

Product	Description	Thickness (mm)	Tensile strength (N/cm)	Adhesion to steel (N/cm)	Additional information
1200	Premium performance waterproof cloth tape	0.28	100	3.7	Protects double glazing edges; secures flexo plates in printing; for finishing leatherwork; protection during light sandblasting.
3101	Premium performance waterproof cloth tape	0.3	78.5	4.4	For heavy duty packaging, carpet joining, book-binding, strengthening and identification. Can be overwritten. Good temperature performance. Can be supplied to DEF standard 81/25 issue 4.
3105	Specialist performance PE coated waterproof cloth tape	0.3	63	5.0	Specially designed for use in the nuclear construction industry. Can be supplied to DEF STAN 81-25/4.
3120	PE coated waterproof cloth tape	0.3	48	4.0	Excellent temperature performance. For duct sealing, fixing cables on film sets, drum sealing and colour coding.
3122	Heavy duty PE coated waterproof cloth tape	0.3	63	5.0	For sealing, bundling, masking and protecting. Approved to DEF standard 81/25 issue 4.
3130	Matt PE coated waterproof cloth tape	0.29	50	3.0	Excellent matt finish. For holding cables and wires, floor marking, and applications where low light reflection is required.
3159	Economy PE coated waterproof cloth tape	0.17	35	4.0	For general purpose sealing, bundling, masking and protecting.
3160 3162	Economy PE coated waterproof cloth tapes	0.2 0.23	35	5.0 6.0	General purpose sealing, bundling, masking and protecting tapes. Excellent for joining polyethylene sheeting in asbestos removal applications.
3170	Premium performance waterproof cloth tape	0.28	84	3.0	Fluorescent colour. Ideal for applications where high visibility is required.
T3601	Specialist performance PE coated waterproof cloth tape	0.22	35	6.0	Fire-retardant adhesive, meets the requirements of FAR 25.853(a) for cloth tape fire-retardancy.

Uncoated cloth tapes

1001	Cotton tape with rubber adhesive	0.25	65	-	For wire/cable wrapping; binding sports equipment handles.
1005	Cloth gauze hand protection tape	0.3	40	-	Protection against cutting tools; wrapping sports equipment handles.
3302	General purpose coloured cotton cloth tape	0.25	70	2.8	Ideal for sealing and identification (flight cases, film canisters); floor marking. Approved to DEF standard 75-2 issue 3.
3362	General purpose unbleached cotton cloth tape	0.28	70	2.2	Corrosion protection for polished surfaces/machined parts; masking off cats' eyes, grids, manhole covers.
3370	Rayon cloth tape	0.28	80	3.0	For manually bundling cables/wire harnesses. Corrosion protection for polished surfaces/machined parts.
3380	Rayon cloth tape	0.3	80	3.0	Type B (self extinguishing) category 1 in accordance with FMVSS 302/ISO 3795.

The majority of cloth tapes are available in a range of colours. Please ask for details.
