Global Quality Policy

Policy Ref.	Q01	Author	K. deVries
<i>Revision</i>	11	Scope	Scapa Group
Series	Policies	Function	Quality Management
Page	1 of 1	Issue date	30/06/2021

We are committed to providing our Healthcare customers with turn-key solutions to become their partnership of choice for the OTC-drug, advanced wound care, consumer wellness and medical device markets. We provide our Industrial customers with long-term value through strategic focus on the Consumable and Engineered Product Markets allowing Scapa to leverage our unique capabilities and strong manufacturing knowledge to serve our customers.

We aim to develop and maintain a positive relationship with our customers to meet end-user needs from concept design through full-scale production.

We achieve our quality objectives through establishing, maintaining and continuously improving an effective risk-based Quality Management System in compliance with applicable laws, regulations, standards and customer-specific expectations.

Our focus is quality, integrity, service and continuous improvement that meets or exceeds our customers' requirements.

John Petreanu – President, Healthcare

Tom Kubiseski – General Manager, North America, Industrial

Phil Spibey – Operations Director, Europe, Asia & Brazil, Industrial
